APPROVAL  
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of the Carson River as heretofore granted under Permit 48960 is issued subject to the terms, condition and irrigation period imposed in said Permit 48960 the Final Carson River Decree, No. D-183 in the District Court of the United States in and for the District of Nevada, and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The water granted under this permit is considered to be comingled with the waters granted under Permits 47608 and 47609.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed the diversion rate dictated by the Federal Water Master cubic feet per second, but not to exceed 600.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before January 3, 1996

Proof of completion of work shall be filed before February 3, 1996

Application of water to beneficial use shall be made on or before January 3, 1997

Proof of the application of water to beneficial use shall be filed on or before February 3, 1997

Map in support of proof of beneficial use shall be filed on or before February 3, 1997
